Attorney's Docket No.: TSRI 939.1 US	:	
For: ANTIBODY- OR NEUTROPHIL -	:	
MEDIATED OZONE	:	
GENERATION	:	

On 16 May 2005, above-named counsel filed papers in the United States Patent and Trademark Office (USPTO) requesting entry into the national stage under 35 U.S.C. 371 for international application PCT/EP03/12710. This submission included, among other materials, payment of the basic national fee and an unexecuted declaration. The materials have been assigned U.S. application number 10/535,180.

A different attorney has filed separate papers in the USPTO requesting entry into the national stage for international application PCT/EP03/12710. There can only be one U.S. national stage for a given international application designating the United States. Thus, the filing of two national stage applications is improper.

Neither of the filed national stage applications includes a declaration or power of attorney appointing the filing party as applicants' representative. Accordingly, applicants are given **TWO (2) MONTHS** from the mail date of this communication to: (1) file an executed oath or declaration in compliance with 37 CFR 1.497(a)-(b); (2) identify who has been appointed as applicants' representative with respect to the national stage of PCT/EP03/12710; and (3) provide a single correspondence address to which further correspondence is to be directed.

Failure to submit a timely and proper response will result in abandonment of this application.

Please direct further correspondence with respect to this matter to Mail Stop PCT,  
Commissioner for Patents, P.O. Box 1450, Alexandria, Virginia 22313-1450, with the contents  
of the letter marked to the attention of the Office of PCT Legal Administration.
